Hi Rebecca,

That works for me.

Calvin and David – look forward to virtually meeting you then!

Best regards,
Natalie

Hi Rebecca,

We propose to have this call on Aug 3, 3-4pm if that works for your teams.

Regards,
Calvin

Hi Calvin,

I hope this email finds you well.

I wanted to follow up on our discussion regarding confidential business information included in our Mendota Project Class VI Permit application (Pre-Construction). More specifically, how it will be treated in the ongoing stages of the permitting process, including any public hearings that may be required. We are now in contact with the legal teams from our 3rd party data suppliers, e.g. SEI, IHS, etc., so could set up a call with all parties if you'd prefer. Is there a day/time in the next week or two that works best for you and potentially EPA's Office of Regional Counsel?

On a separate but related topic, we also have a few clarifying questions as to how the environmental review requirements under NEPA will be met / conducted during the Class VI permitting process. We can cover this on the same call, at the end of the CBI discussion perhaps, or could set up a separate call to discuss. Please let me know your thoughts.

Thanks again, Calvin. Looking forward to hearing from you soon.

Best Regards,
-Rebecca

Hi Rebecca,

I was able to access the file with the password you provided.

We would treat this information as confidential unless we make a determination that it is not in the future (there will be a process that involves both EPA and CES actions if such a determination needs to be made – this is the subject of our upcoming conference call).

Thanks again for your assistance and patience.

Calvin
